Dear Mr. Garmony,

RE: UK TELEVISION SERIES, *RELOCATION: PHIL DOWN UNDER.*

I wanted to write to say a huge thank you to you and all at *Garmony Property Consultants* for all of the help you gave us during our recent filming trip to Australia for the UK television series, *Relocation: Phil Down Under.*

Your help and advice on Western Australia's property market was hugely appreciated and has helped us make what is shaping up to be a great and very positive programme. We know the UK property market inside out due to the hugely successful property shows *Location Location Location* and *Relocation Relocation* which we make here in the UK. Australia is a very different market and there was a lot of information which we needed to understand in order to make the best decisions for our couple. Having you at the end of the phone was such a fantastic benefit and we appreciate all the support you gave us during the filming period.

Everyone we encountered in Perth was so friendly and helpful, but you and your dad surpassed all our expectation with the time and effort you put in for us.

I hope all is well in Australia and wish you all the best from the UK.

Kind regards

Fiona Gay
